Case Studies

Our Key Consultant Expertise - Case Study: Chase Bank, Kenya - Online Banking

Problem: Sep 2014 – Bank has been struggling with poor and lack of delivery for planned Online Banking solution by a local Vendor since 1 year.

Customer Situation	Solution	Benefits
• Tremendous pressure from Key Corporate International Customers of Bank and Bank could not decide on the way out • No confidence on next potential vendors considering past experience • In a casual meet, IT Director mentioned the problem and said you do not have online banking solution else I would have counted you	• Consultant requested for 4 working days of time to prove the flexibility of already implemented Mobile Banking solution and how fast it can be customized for Online Banking • Exactly in 4 working days, in Bank's server, Consultant demonstrated fully functional Online Banking system for Retail Customers along with a few features of Corporate Banking • Bank instantly signed contract	• 15th October 2015, Within 3 Weeks – system was deployed to UAT as promised • System has been proven to support any number of channels as required by the bank • Bank launched the system to prod • IT Director was really pleased and Thanked the team for making this a really good win-win deal • Reference: The then IT Director: Chege Thumbi, CEO of Credit Bank, Kenya

Our Key Consultant Expertise - Case Study: Equity Bank, Kenya – Mobile Banking

Problem: May 2015 – Bank has been struggling with lack of flexible mobile banking platform. Performance of Current system has been poor considering the High Volumes. Millions of Dollars was spent but did not get expected output from existing vendor

Customer Situation	Solution	Benefits
• Not enough confidence on Potential vendors and their systems as their Volume of Transactions is too High • Not enough confidence on Potential vendors as architecture is not flexible enough for their needs compared to other banks • Considering the past struggle, CIO had plans of developing flexible system in-house although it takes years	• Our Consultant, gave a presentation to CIO of Bank covering Flexibility, Quality Highlights and Architecture, How it can instantly solve their problems. • CIO gained all necessary confidence and signed the contract for Kenya at first – The biggest volume • Within 3 weeks entire implementation was completed and it was a record	• Highly Flexible and High Quality system was deployed within 3 weeks • Same solution got rolled out to subsidiaries • CEO and CIO were really pleased and commented no other project was so successful without any issues like this • Reference: The then CIO Raphael Hukai, Executive Consultant at Turkish Airline

Comment of Equity Group CIO after Launch(July 16th 2015)

Varma, I will need to write to you later more officially to thank you and your team, but what you guys did was absolutely amazing, and we are looking forward to working with you more.

Thanks!
